GREEN READING CLINIC \$175 : FIRST SESSION 1:30 PM - 4 PM

Green reading miscalculation is the number one reason players of all levels of skill miss putts. The failure to play the correct amount of break leads to the inability to commit to the read and the speed. Now, with the help of "laser-physics", green reading is highly predictable. Included in the workshop will be discussions on alignment, green mapping as well as how to chart your putts.

SEE AND SCORE PUTTING TECHNIQUE \$200 : 4:30 PM - 7:30 PM

Dr. Craig Farnsworth will take you on a two-hour, hands-on journey to master the greens. He has lectured to the Jim McLean, Nicklaus & Flick and David Leadbetter Jr. academies. Learn what was Y.E. Yang's key to his victory at the 2010 PGA Championship

SAVE \$50 AND PAY ONLY \$325 FOR BOTH CLINICS

PRIVATE PUTTING CONSULTATION - MONDAY MAY 23 - \$350

TWO HOUR SESSIONS BEGIN ON THE HOUR

FIRST APPOINTMENT 11 AM, LAST APPOINTMENT 6 PM

Receive a series of drills and challenges that are designed to elevate your ability to consistently get the ball on line and at the proper speed.
